WILMINGTON'S PRIZE WINNING NEWSPAPER

VOL 9 NO 4

NORTH WILMINGTON, MASS. JANUARY 28, 1960

PRICE 10 CENTS

4500 AT EASTERN SEABOARD MEET

DREW O'CONNELL WINS PEE WEE CHAMPIONSHIP

Drew O'Connell Connecticut Speed Champion in the Pee Wee Class won the Eastern Seaboard Outdoor Speed Skating Championship, on Silver Lake, last Saturday and Sunday, before crowds that at one time, about 3 pm., Sunday, numbered 4500.

Dick Ring, of Wilmington won the lap prize, in the hard contested Art Longsjo Memorial Race - 5 miles, one of the longest regular races in skating.

Jeff Williamson, the son of Wilmington Skating Club President Johnny Waugh won the Valonis Award, given by Joe Valonis of Connecticut to the outstanding Wilmington Skater during the match.

Nice Weather Poor Ice

From the spectators viewpoint the weather was perfect, but as a result the ice was poor. The temperatures were in the low thirties, and at night in the middle teens - not low enough for ideal skating conditions.

The ice was particularly bad during the second afternoon when holes had been gouged to a depth of four or five inches.

Best Ever, says Visitors

In spite of the weather, visitors who took part in the competition thought that the matches in Wilmington were the best ever held in Eastern Seaboard Championships.

Ray Blum, of Newburgh NY, winner of the Senior Men's Championship declared that Wilmington's efforts far surpassed any ever put on in his home town - where the Eastern Seaboard used to be held. He was not alone in his statement.

Jackie Walters

Probably the skater who caught the eye of most of the spectators was Jack Walters, of Brighton, a member of the Bay State Club. Jackie, already well known to Wilmington people, led the pack in the Junior Boys division.

Ed Mitchell

Ed Mitchell, of New York State, skated every match for the Old Timers. It was his 67th birthday.

325 Contestants

325 contestants, from the Eastern Seaboard of the United States and Canada, took part in the two-day long events.

THEIR SERVICES WILL BE MISSED

The backgrounds of Arthur V. Lynch and of Frederick P. Melzar do not have much in common, other than that they grew up in the same town.

Of different politics and faiths, one man left school early in life, to work in restaurants and elsewhere to provide for his family, while the other pursued a highly successful naval career, that won him the Navy Cross, and then went on to Harvard Business School, and the upper realms of high finance.

Mr. Lynch, when he was first elected to the School Board was suspected by some of being a "politician on the make."

Mr. Melzar, on the other hand, was suspected of being the ax that was going to wreck the school system - at least by some people.

But these two men, with their deep thinking abilities, confounded their critics, and became in effect a fine working team, for the benefit of our schools, our pupils, and our town.

It isn't often that we have two such men on one board. The town has benefited by their services. They will be difficult to replace.

THE PLANNING BOARD AND THE GAS COMPANY

It isn't often that we take issue with our Planning Board, but sometimes we do. This board has won the confidence of our townspeople, and deservedly so.

We did take issue with them a few years ago. We did so when they turned "thumbs down" on the New England Gas Company.

That company was, in effect invited to the town of Wilmington by its Town Manager. We will not at this time go into the details, but we compared it to the invitation where a man is asked to come for a duck dinner, "and bring the duck".

The trouble was that a residue, of slaked lime, had to be disposed of. Our Town Manager of that day knew, and invited the company. The Planning Board held firm that there must be some disposal plans other than a "dump" on the property.

We admitted the ideas of the Planning Board were worthy, but we hated to see the town put in a position of pledging its word and then going back on it. We said so, perhaps too emphatically.

Now that New England Gas is a part of General Dynamics, a new disposal plan has been proposed, that takes care of the Planning Board's objections, and seems to solve the problem.

Grudgingly perhaps, we must admit that the reticence of the Planning Board has paid off, in the long run, for Wilmington.

THE INDUSTRIAL POLICY

Cecil Lancaster's industrial policy for the Town of Wilmington is undergoing a quiet scrutiny, by some of our people. It is a scrutiny without malice, but with wondering. These people, whom we choose to call the "Young Turks" are beginning to wonder just what Cecil's industrial policy is.

The Young Turks are not to be described as a particular group or clique. Their attitude toward the TM is that they want to help, if they can, and they especially do not want to hinder. But they are wondering if, as we say, there is a policy.

Some of these Young Turks may be found in the Planning Board, a group who meet weekly and discuss, among other things industrial planning and zoning. Lancaster has typified this group as the "second smartest" board - his choice for

the smartest being the Permanent Building Committee - Erwin Hanke, Paul Niles, Joe Courtney, Ray McClure and Vince McLain.

Heat was added to the mild discontent of the Young Turks, last week, when they read in out-of-town papers that a certain industry was building in a nearby town. This industry, while Fred Calabrese was Town Manager, took an option on land in the northern part of town for a plant which was to be 27% of the size of Avco.

The news of the out-of-town activities is in effect a red herring for the Young Turks. The company in question is still working on its plans for the Wilmington site, and is preparing to renew the option on the land involved.

Meanwhile, for the first time, Cecil O. has made a declaration as to his industrial policy. At a meeting of the Baldwin Civic Association a week ago, he told his listeners that his policy is "to do as Joe (Courtney) did".

DRY CLEANING ESTABLISHMENTS

Without intending to do so the Planning Board has got itself up a couple of trees in the past weeks - all because of some of the dry cleaning establishments in Wilmington.

A year ago the Planning Board wanted to have the De Moulas property and the property across the street rezoned from industrial to neighborhood business. The idea was to protect the stores in the Wilmington Plaza from noises of a heavy industry that might otherwise choose to locate there.

Because of legal technicalities they were able to have only one part re-zoned - that part which is across Main Street from De Moulas. Now the Planning Board is to have an article in this year's Warrant for the Town Meeting, to re-zone the De Moulas property.

A few weeks ago, in North Wilmington, John Elia sought permission through the Board of Appeals to have a cleaning establishment erected on property he owns near the North Wilmington Post Office. He ran into a number of difficulties - and one of them was opposition by the Planning Board because dry-cleaning can only be done in industrial zones - or places that have "grandfather" rights before our present zoning was voted.

There is a new dry cleaning establishment in the De Moulas block. It is there legally, because the place is zoned industrially. It will be there legally if the zoning is changed, because it will have acquired "grandfather" rights.

All of which upsets some of the voters, and in effect puts the Planning Board up a tree. Two dry cleaning plants are in neighborhood business zones, in Wilmington, by virtue of grandfather rights. A third will be, if the Planning Board plans mature. A fourth, which seeks to locate in a neighborhood business zone is being denied the privilege, or so it seems.

THE SECOND COMMUNITY SERVICE AWARD

There is a certain inner-glow of pleasure for a newspaper to receive, two years in succession, the Community Service Award of the New England Weekly Press Association, and this glow of satisfaction is doubled when one realizes that only the Franklin NH Transcript-Journal and the Town Crier have won this award twice.

But the real satisfaction comes from knowing that there are people in your own town who do care.

The Town Crier got the awards, but the work was in large degree done by the readers of the Town Crier, the people who undertook to keep us informed, the people who supported us in our efforts.

Without the efforts of these good people we would have accomplished nothing. For the Community Service Awards were, in both cases Communal Service Awards.

'KILLER' KOWALSKI THROWS OPPONENT FROM RING BEFORE CROWD OF 1300 FANS

Heavyweight Wrestling Champion 'Killer' Kowalski threw his cocky opponent, Frankie Scarpa, of East Boston, out of the ring, Tuesday night, in a packed to capacity High School gymnasium. Killer took two out of three falls, to retain his title. Extra chairs had to be brought in, to accomodate the overflow crowd, and the opening of the match was delayed for 30 minutes.

In the preliminaries Rocky Baron was victorious over the unpopular Boris Fabian, and Hank Walshik took the opener from 'Young' Carnera. The referee was Bernie McNally of Burlington.

The matches were the first of a series sponsored by the Wilmington Rotary Club, to aid in its Student Loan Fund. Another event is being scheduled for a future date.

PLANNING BOARD TENTATIVELY APPROVES ZONING CHANGE ON BURLINGTON AVENUE

A proposal by Richard Bedell to rezone into a Neighborhood Business Zone, the land on which his store stands, at the corner of Burlington Ave. and Forest Street, has been tentatively approved by the Planning Board.

The Board voted to approve such a change for the property which Mr. Bedell owns.

SELECTMEN TO HAVE ARTICLE PROHIBITING 'OPEN AIR' SECOND CLASS CAR DEALERS

On motion of Frank Hagerty the Selectmen, Monday night, voted to have an article in the Town Warrant for the annual town meeting, admending the by-laws to prohibit second class (i.e. used) car sales on 'open air' lots.

A request for such a license for a sales place on Lowell St was denied unanimously by the Selectmen, Monday night.

WILMINGTON AREA NEAR \$5 MILLION MARK IN HOME BUILDING

By Robert E. Stewart, President Mechanics Savings Bank

For the second time in as many years on record, every town in the Reading area showed more than a million dollars worth of home building during the year just ended and the area, as a whole, had a whopping \$4,733,570 for 1959 compared with \$4,610,400 in 1958. The individual totals are as follows with last year's figures in parentheses: North Reading \$1,325,500 (\$1,259,200); Reading \$1,947,800 (\$1,394,500) and Wilmington \$1,460,270 (\$1,956,700). Nearly one-half million dollars was spent in the area on additions, alterations and repairs in the remodeling of commercial as well as residential structures with a 3-town total of \$435,119 this year (against \$599,410 in 1958 again in parentheses as follows): North Reading \$119,989 (\$161,300); Reading \$166,140 (\$307,835) and Wilmington \$148,990 (\$130,275). Even the figure amassed by total deeds and mortgages showed a considerable increase with the area reporting 1,731 this year (and 1639 a year ago as follows): North Reading 506 (415); Reading 842 (734) and Wilmington 383 (490).

DID I WIN?

Was the courageous answer to the question Are You Hurt? by Barbara Sulc, of Woodhaven, NY after a bad spill at the finish line, in the 880 year Junior Women's Race. Barbara not only won, she went on to win the Eastern Seaboard Championship. Shown below is the fall of Barbara, and Judy Kendricks, of Woburn, runner up in the Junior Class.

CHECKING RECORDS

While everyone else was enjoying themselves Saturday night the secretaries of the Northeastern Skating Association (Ann Kennedy of Somerville, left) and the Northern New York Association (Mrs Lou Conway, Pittsfield) spent the evening checking the records of the skaters. D2

BROKEN LEG

George Boyd Senior, of Saugus, one of the judges at the Eastern Seaboard Outdoor Races sits on a platform as members of the Wilmington Fire Department prepare to carry him to the hospital, after he had broken his left leg in three places, Saturday afternoon. The lady is Mrs Fobare, of Saranac Lake, New York, a Registered Nurse, who gave first aid.

Boyd came back next day, with his leg in a cast, and sat in a bus to watch the races. D3

THE STARTERS

The official starters were (l to r) Jack Lynch, Saratoga Springs, Arnold Rubins, New York City, Bud Lynch, Saratoga Springs, Stan Ayres, Lake Placid, all of New York State, and Vernon Chester of Worcester. D8

THE MOST FURIOUSLY CONTESTED RACE

The most furiously contested race was the longest one, a five mile race for men, for the Art Longsjö Memorial Prize. Dick Ring of Wilmington won the Lap Prize (ahead for the most laps) but faded out towards the end - Dick is really an indoor skater. Ray Blum of Newburgh New York won the Memorial Prize.

Over 30 contestants entered the race, which was skated at full speed for the full distance. Only 11 finished it. In the foreground, waiting for the starting gun are Dick Ring of Wilmington, Eddie Peters, Flushing NY, and Bob Adams, Long Island, NY.

CHAMPIONSHIP SKATE OFF

Diane Lindars, Larchmont, NY and Susan Brandle, Peekskill NY, tied for the Special Midget Girls Championship, and had to have a 'skate-off'. Here Diane crosses the finish line inches

ahead of Susan. Notice the rough ice at finish line.

WILMINGTON HOSPITALITY PRAISED AT SARANAC LAKE

The hospitality of the people of Wilmington was praised in a story which appeared in the Adirondack Enterprise (daily) Tuesday morning.

Mrs. Melvin Bruso, mother of Jeanne Bruso, Juvenile Girls winner, in a statement to the paper said that the skaters from the Saranac Lake (NY) club were very much impressed by how well the officials, skaters, and people at Wilmington treated the visiting skaters. She had never seen such hospitality, she told the New York daily.

Dr. Widger
 (fr Fr Pg)

he has been employed as a Supervisory Research Meteorologist at the Air Force Cambridge Research Center. In connection with his duties there, he is a member of the Committee on Meteorological Satellites of the Space Science Board, National Academy of Sciences-National Research Council and formerly served on the Committee on Meteorological Aspects of Radioactive Fallout. For two years he was Chairman of the Committee for Encouragement of Meteorological Research of the American Meteorological Society.

Dr. Widger has indicated that he will run on a platform which will include continued progress towards a superior school system favorably comparable statewide and nationwide as well as locally; increased cooperation between the schools and the rest of the Town government; attraction of such teachers; and the organization of School Committee practices to permit time for more attention to major problems and important policy matters.

THE ROTARIANS HAD A WONDERFUL BIRTHDAY PARTY

THE ROTARIANS HAD A WONDERFUL FIFTEENTH BIRTHDAY

Wilmington Rotary Club had a
wonderful 15th birthday party
last Thursday, with Harold

Foley acting as Master of Ce-
remonies, and describing each
of the speakers as he would
introduce a prize fighter -
'weighing 215 pounds, the Hon-
orable Judge Henchey'.

FIVE GOVERNORS, OR THE BALDHEADED ROW

Five present and past Rotary
Governors were present, in-
cluding Fred Bliss, baldhead
father of Wilmington's E. Hay-

ward Bliss, and the Rev. John
Nichol Mark, who was Governor
of Rotary 15 years ago, when
the Wilmington Club was found-
ed.

CUMMINGS

The beloved Rev. Stanley Cum-
mings, past secretary, spoke.
He told some funny stories
which no one could remember
afterwards, because of John
Nichol Mark's stories.

NITCHIE THE TERROR

John Nitchie, 'The Terrible
Terror', who has kept Wilming-
ton's attendance at Rotary
100% for 20 consecutive meet-
ings, by his technique of
calling backsliders at 2:45 am
explained his technique.

FOLEY AND AINSWORTH

Harry Ainsworth, former Wil-
mington Rotarian and Police
Chief, was re-inducted as an
Honorary Member, and learned

from Fred Cain that Police
Chiefs are not on the Rotary
list of recognized categories
of business.

'I'LL GET TO SCOTLAND AFORE YE', JOHN NICHOL MARK, AND ROTARY PRESIDENT BILL STEVENS

Judge William Henchey of Wo-
burn Court spoke for about 10
minutes, keeping the room
laughing. But, like the Rev.
Mr. Cummings, no one could re-
member what he had said after

the final speaker, Mr. Mark
had told his series of stories.
It was a wonderful evening,
and the stories told by Mr.
Mark are still going around
town.

HENCHY 'THE HEAVYWEIGHT'

WOBURN STREET REZONING TO RECTIFY ERROR PROPOSED

A proposal, by Selectman Nick
De Felice, that the Planning
Board approve of a change of
zoning, to Industrial, for a
piece of land on Woburn Street
has been tentatively approved
by the Planning Board.

The land, owned by the Lyons
Brothers, of Medford, was di-
vided into Industrial and Re-
sidential, at the time of the
voting of the Zoning By Law, in
1955. The Planning Board felt
that the vote was an imposi-
tion on the Lyons Brothers, as
they were unable to do any-
thing with the land.

HOME OWNERSHIP TOP INVESTMENT By Robert E. Stewart, President Mechanics Savings Bank

The Census Bureau has just an-
nounced that 1959 was at least
the second best year on record
in home building through Nov-
ember. Going into the final
month, the total U.S. resident
ial construction was only a
few thousand units less than
the record 1,325,000 posted in
1950. The seasonally adjusted
total annual rate rose to 1,
210,000 in November.

In a research paper released
at year-end, Harvard Univers-
ity Economics Professor Sey-
mour E. Harris noted that,
based on 'reasonable assump-
tions of rising prices and in-
comes,' a long-term mortgage
might well reduce the real
cost of a home in terms of a
stable dollar - by about 20
percent. He pointed out that
while per capita income rose
17.4 percent from 1952 to 1957
the average FHA property val-
ue rose 43 percent, thus giv-
ing middle to higher income
families an advantage in tak-
ing on a considerable mortgage
thus 'gaining' the most by in-
flation over the next quarter
century.
